It's hard enough trying to get through life as you find it. But you can't control it all. It's even harder being someone you feel isn't like anyone else. It's even harder being someone you feel isn't like anyone else. It's even harder being someone you feel isn't like anyone else.

But there are some things you can do to make your life a little easier. You can learn to live with what you have. You can learn to live with what you have. You can learn to live with what you have.

Let's face it, you're not the only one who's trying to understand how it might feel to be gay. You're not the only one who's trying to understand how it might feel to be gay. You're not the only one who's trying to understand how it might feel to be gay.

## Aerosmith's tape Big One is hot

Build stars with Big One  
Performance beyond the  
Rock 'n' Roll  
Hit Parade. Many  
Aerosmith's new recordings are  
great, but none are as good  
as this one.

With the release of Big One  
Aerosmith's most potent live  
collection, and 17th album in  
all, they've proven beyond any  
doubt that they're still one of  
the best of the biggest  
bands in the world. And they  
are the "Big One."  
The band's 17th  
album, a collection of  
live recordings, is the  
best of the best. It's  
the only one of the  
band's live recordings  
to be certified gold.
